### US Rank

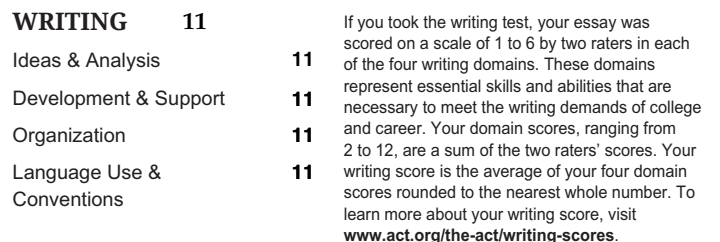

### State Rank

## Detailed Results

**Understanding Complex Texts:** This indicator lets you know if you are understanding the central meaning of complex texts at a level that is needed to succeed in college courses with higher reading demand.

Dashes (-) indicate information was not provided or could not be calculated.

**ACT Composite Score:** ACT math, science, English, and reading test scores and the Composite score range from 1 to 36. For each test, we converted your number of correct answers into a score within that range. Your Composite score is the average of your scores on the four subjects rounded to the nearest whole number. If you left any test completely blank, that score is reported as two dashes and no Composite score is computed.

**ACT Readiness Range:** This range shows where a student who has met the ACT College Readiness Benchmark on this assessment would typically perform.
